

Kitchen UPGRADE LOOKBOOK

If you are ready to upgrade your kitchen, browse through this catalog and get inspiration, knowledge, and a great selection of products to create the kitchen of your dreams at a price you can afford.

Brought to you by
www.WoodworkerExpress.com

If you like your cabinet layout and your cabinets are in good condition

**BUT, you are looking
for a change, then
refacing your cabinet
boxes and purchasing
new doors and drawer
fronts may be the right
choice for you.**

Refacing is a process in which you “reskin” your cabinet boxes (sides and fronts) using a high pressure laminate (HPL). You would then purchase new doors and drawer fronts to match the laminate color. We have created an EZ Configurator to help you choose, measure and purchase doors, drawer fronts and matching molding. New doors and drawer fronts start as low as \$20 and we have multiple styles and colors to choose from. Best of all, you get a completely new look at a fraction of the cost of replacing your cabinets.

CUSTOM DOORS AND DRAWER FRONTS WITH MATCHING MOLDING

Choose Your Options from Cabinet Doors, Drawer Fronts and Matching Moldings

Replace or Reface?

If your kitchen or bath cabinet layout is to your liking, and the cabinets are structurally sound, refacing is a fast and economical way to have a whole new look!

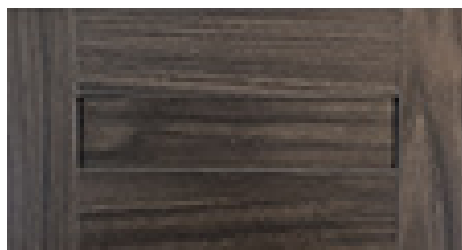

So, what does the process look like? In cabinet refacing, you would reskin your cabinet boxes using an HPL Laminate product over the sides and front edges of the cabinet boxes with your color choice. You would then order all new doors, drawer fronts and moldings that would be manufactured in the same color laminate you chose for the cabinet boxes. This process is much quicker than a standard remodel and is a fraction of the cost of replacing cabinets which can typically take at minimum half of your remodeling budget.

Our new custom door program allows you to completely redo your kitchen with new doors, drawer fronts and matching moldings. We also offer HPL laminate sheets and edgebanding to refinish the sides and fronts of your cabinet boxes. All doors, drawer fronts and moldings are crafted to order using the beautiful designer colors of Tafisa laminate. With this program, we walk you through the steps of creating your doors, drawer fronts and moldings. You create the kitchen of your dreams that will be the highlight of your home for years to come.

Start by choosing the product you are interested in. Then, our configurator guides you through the design process of choosing each option associated with your selected product. Once all selections are complete, your product is added to your shopping cart. Simply repeat the process for each door, drawer or molding you desire.

TAFISA LAMINATE COLORS

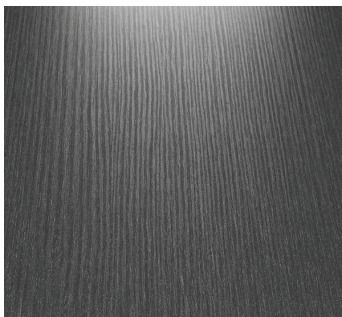

Tafisa has developed the best matched HPL (High Pressure Laminate) program in the industry. A total game-changer!

- Certified Class III / C for flame spread and smoke development
- Meets or exceeds all the requirements of the NEMA (National Electrical Manufacturers Association) LD3 standard
- Antimicrobial properties
- GREENGUARD Certified+

Tafisa is one of the first companies in North America to use EIR (Embossed In Register) in the production of their High Pressure Laminate (HPL) sheets. Steel press plates are used to precisely create an image of wood or stone with a realistic 3-dimensional appearance. The result is a product that looks and feels just like real wood veneer.

We carry Tafisa HPL in a range of beautiful colors and finishes that will enhance any home or commercial project. Tafisa features a number of innovative textures that add a realistic look and feel to any surface it is applied to.

Below, please find examples of all of the designer finishes available.

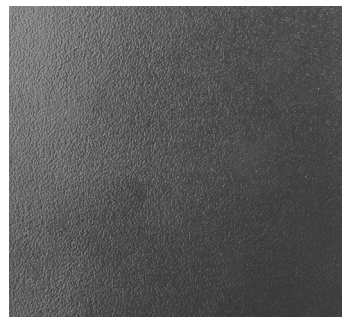

Alto

Alternating Linear
gloss-matte texture

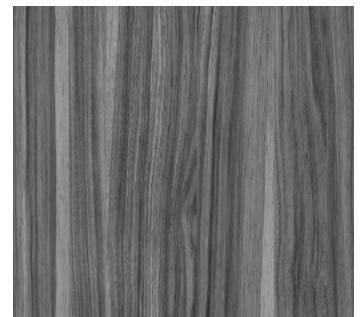

Brava

Synchronized texture - the true
touch of wood, teak pattern
(EIR technology)

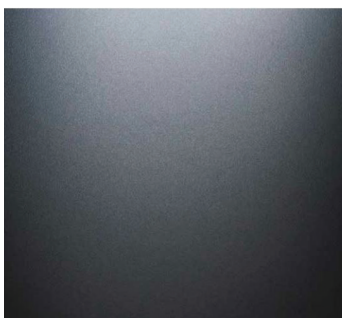

Crystalite

Traditional medium
gloss grain texture 1

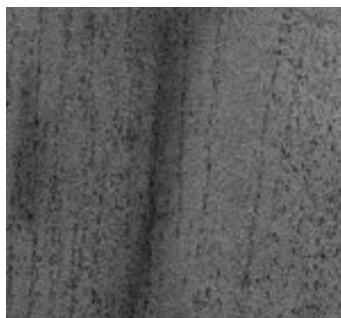

Feria

Synchronized texture - the true
touch of wood, hickory pattern
(EIR technology)

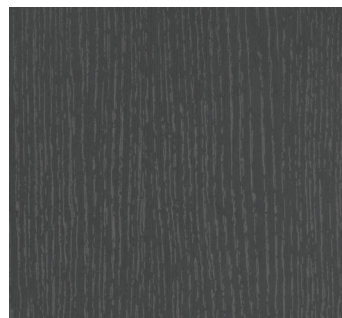

Isola

Low gloss, smooth texture

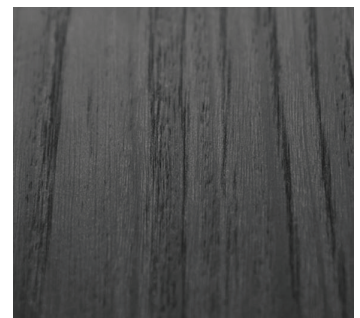

Origen

Natural organic walnut grain

Urbania

Deeper wood-ticking texture

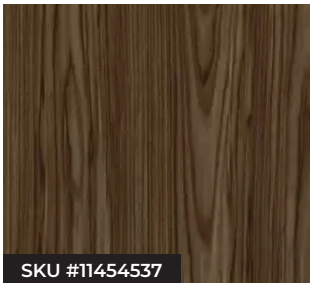

Viva

Synchronized texture - the
true touch of wood, butternut
pattern (EIR technology)

TAFISA LAMINATE COLORS

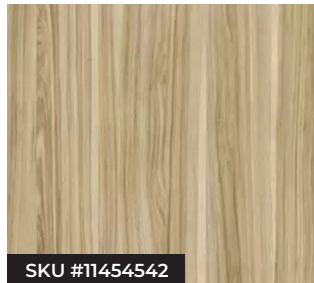

Woodworker Express carries Tafisa HPL Laminate in 71 Beautiful Colors. Listed below is a small sample of what is available.

If you need additional help choosing the right color and finish for your project, take advantage of our sample program for Tafisa Laminate. Simply click on the sample icon on each product page and select a 3" X 4" sample in whichever color you choose. Samples are mailed out to your home or job site.

BHK CUSTOM DRAWER BOXES

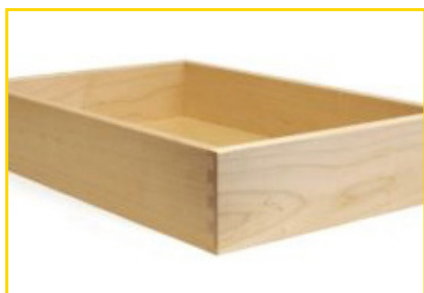

Selecting your drawer material is the first step in completing your custom drawer. Below, you will find more information to help in choosing the right material for your project.

DuraWrap drawers are an economical yet high quality drawer solution. The 1/2" thick drawers are sealed in an abrasion-resistant surface technology that does not delaminate and is durable and easy-to-clean.

Plywood drawers are offered in UV-finished 1/2" thick Baltic Birch. They feature a premium wood look and the strength of veneer core plywood without the cost of solid wood.

Premium **Solid Wood** drawers are manufactured in either 5/8" thick Maple wood. They are pre-finished with a LOW VOC UV finish and can be customized to specific needs.

KITCHEN SOLUTIONS

We have a whole range of products to help you in the kitchen. From pantries to blind corner solutions and every imaginable base cabinet organizer, we offer so many ways for you to customize your kitchen storage solutions. Woodworker Express's wide selection of base cabinet organizers is designed with durability and functionality in mind. Turn your kitchen into your dream space that you and your family can enjoy with our high-quality collection of pantry organizing systems for every need. We carry the biggest inventory around, offering our customers the ultimate convenience and express shipping. We value exceptional customer service and developing long-term relationships with our clients. Browse our large selection of base cabinet organizers and find everything you are looking for. Don't hesitate to contact us with any questions. Our experts will be happy to help.
